# MARKET MATTERS

**Issue: 685** Market Date: 14 March 2021

Dear Stallholders,

Thank you to the stallholders who attended the stallholder meeting last week, it was a great turn out. Great to see so many of you come along to have your say.

Happy Trading  
Geraldine  
Operations Manager  
0419 105 228 (Market Day Contact)

#### **TEST & TAG COMMENCES MONDAY 15 MARCH**

Electrical Test & Tag is scheduled to be carried out from **Monday 15 March and finish on Wednesday 17 March** by an accredited tradesman. The cost of this is covered by the market as part of the market day power charges.

**INSIDE STALLHOLDERS:** Before you leave this Sunday (14 March) :-

- Please ensure that each plug can be accessed easily, moving your fridges or benches etc. if necessary.
- The plug of your equipment, extension cords and power centres are what will be used to test your electrical items.
- If equipment **MUST** remain plugged in (e.g freezer or fridge) please ensure its plug is easily accessible and attach a note stating that it must remain plugged in.
- Plugs that cannot be accessed will not be tested. These will need to be done by you at your own expense before trading next.

**OUTSIDE STALLHOLDERS/CATERERS:** Before you leave this Sunday (14 March) :-

- Please ensure that your electrical equipment and plugs are LABELLED with your stall name and easily visible and accessible.
- Plugs that cannot be accessed will not be tested. These will need to be done by you at your own expense before trading next.

You can choose to take care of your own Test & Tag if you prefer, however you will need to provide us with evidence that this has been undertaken – such as a copy of a report and test & tag sticker.

**If you are intending to organise your own testing and tag by an accredited tradesperson please let Geraldine know by email [operations@adelaidefarmersmarket.com.au](mailto:operations@adelaidefarmersmarket.com.au)**

### REMEMBER - 'Replace the Waste'

**From March 1, 2021**, single-use plastic straws, cutlery and stirrers will be prohibited from sale, supply and distribution in South Australia. This was passed by South Australian Parliament on September 9 2020; *Single-use and Other Plastic Products (Waste Avoidance) Act 2020*.

These single-use items can be replaced with reusable and compostable alternatives.

Stallholders and caterers who supply these items to customers should already have compostable alternatives available as outlined in the revised Adelaide Farmers Market APPENDIX C - RESPONSIBLE PACKAGING POLICY

Compliance in South Australia will be enforced by the Environment Protection Authority (EPA). The EPA will use discretion when responding to any breaches of the legislation and can respond to non-compliance in various ways, To learn more click here <https://www.replacethewaste.sa.gov.au/legislation-explained> or call the **1800 844 945** helpline.

### ANNUAL LEAVE

Operations Manager, Geraldine Conterno will be away on annual leave on Sunday 21 & 28 March. Jacquie, who has been trained in set up and pack down will be onsite these two Sundays.

The market mobile phone and emails will be manned by the office staff.
