IMPORTANT: Vehicle Access via Leader Street from this Sunday

Sundays: Market stallholders and their staff will be able to access the Leader Street boom gates until 8.15 am & again for departure from 1.00pm. Between these hours, the gate across Southern Boulevard between the Beef Cattle Pavilion and the toilets will be closed.

Western Boulevard will be closed at the northern end of the Market (unless the area south of the Stirling Angus is required for parking on high demand days).

The RA&HS will be staffing the Leader Street Gate from 8.00am until 1.00 pm for at least the first six Sundays to inform Farmers' Market shoppers of the change.

Weekdays: There will be no public vehicle access from Leader Street at all times, ONLY pedestrian access will be maintained. Farmers market stallholders, staff and couriers who required access to the Stirling Angus

Pavilion mid week, are exempt and can continue to enter via Leader Street boom gates.

This change is to address ongoing safety issues with pedestrians mixing with vehicles entering through Leader Street.

NOTE: The Rose Terrace car park remains strictly reserved for customers. Stallholders are not permitted to park in the Rose Terrace Car Park while the market is open for trade. Please park in the designated stallholder car parking area directly behind Tsimiklis' stall.

Is your marquee secure?

Having a marquee structure or display that can cause injury by being inadequately secured is a serious matter. All marquee weights for each leg must be put in place as soon as the marquee is erected and for the entirety of the market trading hours.

Please ensure that you include weights (and ropes) as part of your usual set up routine EVERY Sunday.

The ASFM reserves the right to action safety procedures if a stallholder's setup is deemed unsafe. This may include the pack down of a stallholder's site during market trading hours and a review of their License to Trade.
