FAREWELL FROM SALAD GREENS AND KITCHEN HERBS

Salad Greens and Kitchen Herbs have made the decision to discontinue the growing of Spinach and Lettuces and shift their focus entirely to growing and processing Herbs and Edible Flowers. This has been a difficult decision as it means they will give up trading at the Market on 3 July. Trading at the Farmer's Market for more than 15 years has been an incredibly important part of their operational success – especially in the early years when they struggled to establish the farm operation after relocating to Echunga. Engaging with so many friendly, appreciative and 'greens loving' customers has been a consistently unforgettable and enjoyable experience every Sunday for them.

'We are so grateful for all these years of being able to trade in Wayville, however it is now time to focus optimising the growth and supply of our other products to ensure the continued success of our business.

From the bottom of our hearts, we thank you for showing endless support and appreciation for what we do' Judith + Sven
