MEMBERSHIP SALES

MEMBERSHIP NUMBERS 18/19 - 23/24 MEMBERSHIP YEAR

JANUARY 2024

This month, our market demonstrated steady growth in membership sales, totalling 1322, slightly lower than the 1358 recorded in 2023, and falling short of the 1407 achieved in 2022, yet surpassing the 1277 figure of 2021. Notably, no specific marketing incentives or expenditures were initiated during this period. Of these sales, 874 memberships were acquired through in-person transactions, while 448 were completed online. The breakdown includes 212 new memberships and 1110 renewals. It's worth mentioning that renewals were eligible for a discounted rate until 31st January, saving members \$10 on their renewal fees. Additionally, targeted marketing efforts were directed toward 2023 memberships to encourage their renewal.

Year-to-date figures reveal that we have sold 2397 memberships this membership year, a slight increase from the 2372 sold at this time last year. This demonstrates a consistent upward trend in our sales performance. Comparatively, in 2022, we had sold 2245 memberships by this point, while in 2020, the figure stood at 1740.

MARKETING & COMMUNICATION

Our online endeavours yielded varied outcomes. On Facebook, we reached 35,405 people, experiencing a 15% decline compared to the previous month. However, this reach was entirely organic, without the use of advertising, showcasing the effectiveness of our content. Our follower count expanded to 30,630, with an additional 86 new followers. The engagement also showed a positive trend, totalling 5,484. Examining the demographics, a significant 82.3% of our audience comprised women, predominantly in the 35-44 age range.

Instagram demonstrated strong performance in January, achieving a reach of 10,788, marking a 4.5% increase from the previous month, all organically without the use of advertising. While profile visits experienced a 22.3% decline, we gained a notable 297 new followers, reflecting a substantial 25.4% increase, bringing the total to 22,887. Account engagement rose by 6.5%, and impressions increased by 21.4%. Most of our audience falls within the 35-44 age range, with 83% being women, aligning seamlessly with our Facebook audience and target market. Overall, our Instagram marketing efforts, particularly in January, showcased commendable growth and engagement. This month, we opted not to allocate funds for advertising on either Facebook or Instagram, and this decision noticeably impacted our overall reach on Facebook.

Google My Business performance displayed mixed results this month. While there was a 27.1% decrease in searches for the business profile compared to the previous year, there was a slight uptick from the previous month. Business Profile Interactions saw an 8.5% increase. Website clicks from the Business Profile experienced a 2.2% increase, and direction requests surged by 18.3%. Search trends also shifted slightly, with general terms like 'Adelaide markets', 'markets Adelaide', and 'Sunday markets Adelaide' taking precedence. Notably, 'grocery store' entered the top 5 searches for the first time.

Demonstrating our dedication to delivering a current online experience, we consistently update our website with a focus on sections such as 'Coming Events and Activities' and 'Kids Club Activities.' Furthermore, we actively refresh stallholder profiles, introducing new ones and updating existing ones. This ongoing initiative serves not only to keep our audience well-informed but also to enrich the online portrayal of our diverse and dynamic market community.

In essence, our weekly newsletter continues to serve as an invaluable means of communication, fostering connections within our market community, which comprises 8058 members and subscribers. During January, we expanded our network by 172 new contacts. Notably, our opening rate is achieving an impressive 4.7%, which exceeds the industry average.

JANUARY 2024

In the previous month, we allocated \$6,666 (including GST) towards a comprehensive advertising campaign across two prominent radio channels, Nova 919 and FiveAA. The major focus was on Nova 919, employing a successful on-air strategy centred around the theme "Shop like a Locavore." Emphasizing a call-to-action (CTA) aimed at boosting 2024 membership sales, the campaign ran during specified time slots from Wednesday to Saturday. This targeted initiative commenced on November 25 and concluded in the first week of December, aligning precisely with our specified timeframe. More details on this radio station report can be found at the end of this comprehensive report.

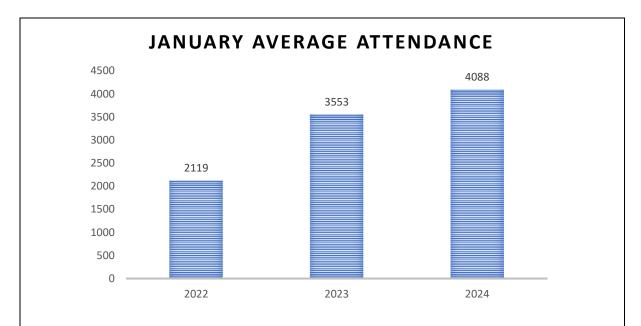

In conclusion, January's marketing performance delivered a mix of outcomes. Despite this variability, market attendance remained robust, particularly during the festive season, which, owing to January's School Holidays and public holidays, can typically be unpredictable. Additionally, the success of our 2024 Membership sales sets an encouraging tone for the year ahead, underscoring a promising start to the new year.

NEW STALLHOLDERS

We have three new inside stallholders and two new outside stallholders starting in the next four weeks:

Bull Creek Bakery – with hot and cold pies (Inside start date 10/3) Pasta Pepe – Filled fresh pasta sold by the kilo (Inside start date 25/2)

STALLHOLDER APPLICATION PROCESS

We have adjusted the 'Stallholder Expression of Interest' form to address product packaging, sales style (ie bulk or prepackaged) and information as to where else the product may be sold.

How will your product be packaged?

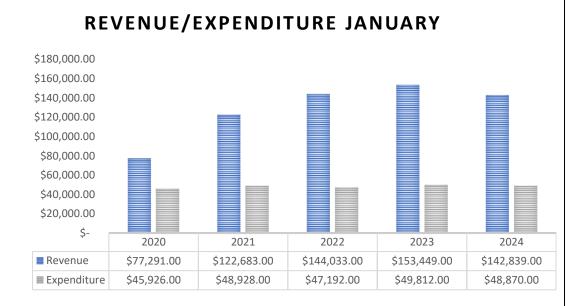

(The market will give preference to products that are not pre packaged. All packaging must be fully compostable and not plastic)

- Can your product be offered in bulk?
- Is your product sold by other retailers outside the market? (If YES, where?)

This is to ensure that new stallholders that are taken to the application process align with our values right from the start.

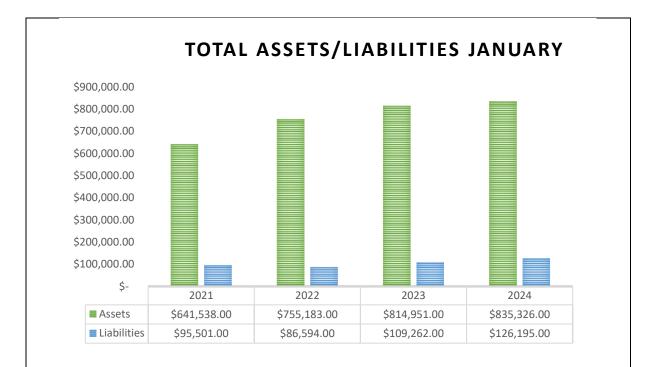

We have also instigated an 'Inside Stallholder Onboarding Package' that gives clear instructions on the expectations of how the stall should be presented and maintained. 'Lighting, presentation, signage, security, car parking, cleanliness etc)

FINANCIALS

With unbudgeted car park sales and costs taken out, we are travelling on budget for revenue for the month of January and overall we are ahead of budget for the year.

NOTES

COMPOSTABLES AUDIT

In January we commenced a 'Compostables Audit' for all caterers at the ASFM. This was done with the view of eventually eliminating the red bins from the market as part of our environmental. All 'caterers' have now been audited, those stalls selling some ready to eat food are yet to be audited.

PLASTICS AUDIT

We officially announced our plastics audit in February however the audit itself commenced in January. All packaging for fresh products is being assessed with the view to eliminating most plastic from the market. Although there has been some kickback from two large stallholders, the majority of stallholders are working with us not against us and changing their packaging when required.

ASFM COMMUNITY CONNECT

We launched our new Community Connect Program in January. Details can be found here: https://adelaidefarmersmarket.com.au/asfm-community-connect/

Our foremost focus is to collaborate directly with not for-profit community groups and charities within our **local** area. This enables the ASFM to actively engage with the communities we serve, offering substantial assistance to the local residents.

We aim to partner with organisations that resonate with the ASFM's values. We reserve the right to decline engagements with those that do not align with our values.

Local not-for-profit groups can register with the ASFM to secure a booking to run a sausage sizzle from the Community Connect Stall within the ASFM. The marquee is located inside the North Western Gate of the market.

100% of the funds raised go to your community group.

JANUARY 2024

We have had 15 expressions of interest at this stage and receiving new requests daily which are gradually being locked in for Sundays.

Applications can be made online.

The first community group to join us were the 1st Gilberton Scout Group which we used as a test run to make sure our systems were working well.
